

The Mulberry Bush music project

Your child is taking part in this exciting project, funded by Youth Music and as part of the project, parents are invited to borrow these packs to take home and share with their child.

Playing with nursery rhymes, exploring voice sounds, finding rhyming words, keeping the beat are the very best ways you can help your child continue their journey into reading and literacy, all in a play based way, the way young children learn.

There are three packs with different puppets, instruments and cards in each.

Please borrow a pack, sign it out on the sheet, have lots of fun with the rhymes and activities in the pack and return it within a few days.

Packs are also available for sale @ £19.99. See musicplay.org.uk or Helen Brayley.
